Information notice and consent form for hackathon events

- Capeesh (CAP)
- Charistar International Inc. (CHR)

as well as by selected staff of the European Commission (the funding body of the project), its agents as well as technical and financial auditors.

easyRights aims to make it easier for (im)migrants to understand and access the public services to which they are entitled, helping them integrate faster into their host communities and feel valued members of them. Such aim is fulfilled through the development of an ICT solution, structured into several components, which will help (im)migrants to exercise their rights more easily while at the same time improving their language skills.

For more information on the status of easyRights research to date, you may contact the official project website at any time: <https://www.easyrights.eu/>

If you so wish, your organisation of affiliation can be omitted from the proceedings of this hackathon.

Please note that the organisers of this event may/will take photo, video and audio recordings to facilitate the transcript of minutes and the external communication of the initiative and its results on newspapers, online media, social networks, etc. If you prefer your image not to appear on any photograph / video clip used for the purpose of communication, please inform us in writing by putting a tick on the question at the end of this document.

Generally speaking, being a member of a team and - in case of award of the hackathon prize - the title of your project may/will be made public for the purposes of external communication. If you prefer your name and surname not to be associated with the team and/or project, please inform us in writing by putting a tick on the question at the end of this document.

Please bear in mind that if you previously gave your consent for easyRights to use your personal data, you can contact the person named at the beginning of this informed consent note and withdraw your permission at any time.

In witness thereof, I confirm that (please tick which option applies)

I agree OR I do not agree that my image appears on official photographs / video clips shot during the hackathon

I agree OR I do not agree that my name and surname are associated with the team I belong to and the corresponding project.
